Professional Summary

Computer Science Engineering student with a strong academic record and practical experience in software development. Demonstrated ability to build end-to-end applications through projects, hackathons, and open-source contributions. Analytical, adaptable, and committed to delivering reliable software solutions.

Education

Degree	Board / University	Academic Record	Passing
B.E. (CSE)	Visvesvaraya Technological University (VTU)	9.03 / 10	2027*
PUC (PCMB)	Karnataka State Pre-University Board	96.5%	2023
SSLC	Karnataka Secondary Education Examination Board	94.5%	2021

*Expected Graduation

Technical Skills

Languages: Python, C, C++, Java, SQL

Web: HTML5, CSS3, JavaScript (ES6), React.js(Basics), PHP

Databases: MongoDB, MySQL, Supabase, Firebase, SQLite

Tools: Git, GitHub, VS Code, Postman, Arduino IDE, XAMPP, WAMP Server

Core: Data Structures, DBMS, Operating Systems, Computer Networks

Projects

Smart Contactless Health Monitoring System

Python, FastAPI, React, TypeScript, SQLite, Node.js, Express.js, MongoDB, ESP32-C6

- Developed an offline-first contactless health monitoring platform integrating C1001 60 GHz mmWave sensing with ESP32-C6 communication.
- Built Python-based data acquisition, parsing, validation, and local SQLite persistence for monitoring without internet connectivity.
- Developed a FastAPI backend and React/TypeScript dashboard for real-time readings, trends, statistics, alerts, and system status.
- Implemented Python-to-Express synchronization with MongoDB using stable sync IDs and duplicate-safe synchronization.

Task Vault – Task Management System

React.js, Node.js, Express.js, MongoDB, JWT

- Developed a full-stack task management application to organize daily tasks and improve productivity.
- Built the frontend using React and integrated RESTful APIs using Node.js and Express.js.
- Implemented JWT authentication and authorization for secure user access.
- Used MongoDB to securely manage user and task information through CRUD operations.

Achievements

- Silver Medal for Academic Excellence.
- 2nd Runner-Up – National Level Hackathon (AGMRCET).
- Winner – Tech2Corporate Competition, SKSVMACET.
- Open Source Contributor – GirlScript Summer of Code (GSSoC).
- Presented a Technical Paper at Melange 2024.
- Participated in 10+ National and State Level Hackathons.

Certifications

- Programming for Everybody (Python) – University of Michigan (Coursera), 97.52%
- Java Programming – IIT Bombay (82.5%)
- C Programming – IIT Bombay (67.5%)
- Enhancing Soft Skills & Personality – NPTEL (81%)
